COAST'S High-Powered HP314 LED Flashlight to Shine at SHOT Show

Lauded by Law Enforcement Professionals, Military Troops and Sportsmen and Women, Light Features Long Range Focusing Optic

PORTLAND, OR, January 4, 2014 – [COAST Products](#)’ powerhouse **HP314 LED flashlight** – featuring the company’s Long Range Focusing Optic has garnered rave reviews from law enforcement professionals and outdoor enthusiasts alike for its remarkable ability to light a distance of nearly half a mile.

COAST will exhibit the [HP314](#) and a wide array of LED flashlights, headlamps, lanterns, knives and multi-tools during the Shooting, Hunting, and Outdoor Trade Show ([SHOT](#)) – at [Booth 15120](#) from January 14-17 in the Las Vegas Sands Expo Center. COAST products offer advanced quality and innovation, the latest patented and proprietary features and technology. They are perfect for every customer, retailer or distributor in the sports, leisure, hunting, and shooting market.

COAST’s New HP314 with Exclusive Long Range Focusing Optic

-more-

Long Range Focusing Optics – Another Breakthrough from COAST

Law enforcement, emergency professionals, the military, and outdoor enthusiasts require a beam with the longest possible beam distance. COAST responded with its Long Range Focusing Optic, which is built into the HP314. It delivers a bright, intense X-Range Spot Beam at far distances, while still offering a consistent circle of light in the Broad View Flood Beam mode, which produces a focused spot with a maximum beam distance of 683 meters (2,240 feet). Search-and-rescue officers, as well as outdoorsmen and hunters traversing darkened areas, appreciate this feature, as well as the HP314's unbreakable LED and rubberized O-ring for reliable water resistance and durability.

Like all of COAST's high performance lights, the HP314 is built tough with an impact-resistant, water-resistant, lightweight aluminum casing that resists rust and corrosion. It features **Slide Focus** – another first from COAST – that lets users focus the flashlight by sliding the front rubberized bezel forward or back. It also has the ingenious COAST-exclusive **Cyclone™ Heat Sink System**, which decreases heat buildup, facilitates maximum light output and increases LED lifespan.

Especially helpful for police officers and military troops on patrol is the quick cycle switch, which lets users select between the HP314's high output setting of 1,132 lumens, a high-powered strobe mode, or a low output of 95 lumens. Four D-cell batteries provide high power for more than four hours, and low power for up to 192 hours. Like all COAST products, the HP314 is backed by a lifetime guarantee against defects in materials and workmanship. Particularly important, all COAST specifications are certified by independent testers to meet ANSI FL1 standards.

The HP314, which comes with a carrying case and a shoulder strap, is another outstanding product with more ground-breaking advances that have made COAST the industry's premier manufacturer of high performance LED lights.

The HP314 is available for shipments now. Follow COAST at one of the social media channels below for the latest information.

COAST Products – A History of Innovation

Well-known for their knives and multi-tools, for nearly 85 years, COAST is now a market leader in premium LED flashlights – developing innovative products trusted by everyone from the weekend warrior to the Navy Seals and soldiers in Iraq and Afghanistan. COAST's technologically advanced products are safer and easier to use, while at the same time being extremely functional and enjoyable to own. **COAST Products** was founded as **COAST Cutlery Company** in 1919. Originally established to provide quality knives to the farmers, ranchers and workers of the Pacific Northwest, today COAST produces premium LED lighting products, including top-rated [flashlights](#), [headlamps](#) and [EAL](#) (emergency area lighting), as well as fine-crafted [knives](#) and world class [multi-tools](#). Every COAST product reflects an investment in skilled craftsmanship and quality materials and is backed by a COAST guarantee. COAST products are available from leading automotive stores and suppliers, home centers, hardware stores, professional outlets, sporting goods stores, and numerous online retailers.
